

HOW LONG CAN YOUR PARACHUTE STAY IN THE AIR BEFORE IT HITS THE GROUND?

STEP ONE: Determine the design of your parachute based on the challenge.	STEP TWO: Build a parachute as a team. STEP THREE: Test your team's parachute by timing how long it stays afloat.	STEP FIVE: Discuss with your team what happened during the different tests. STEP SIX: Discuss as a team if you would leave the design the same or change the design.
	STEP FOUR: Record your findings:	STEP SEVEN: Redesign and test:
	First test:	First test:
	Second test:	Second test:
	Third test:	Third test:
