TEAM TRAINING

WHAT IS TEAM TRAINING?

Team Training is small group workouts designed with your specific interests in mind for groups of 3-6 people. Team Training can be focused to areas such as yoga, strength and conditioning, Pilates, bootcamp, and more!

WHAT ARE THE BENEFITS OF TEAM TRAINING?

Team Training allows members to become part of a small community and work toward common goals together, increasing motivation and accountability. It also provides workouts based on specific goals. These classes can help improve all five components of exercise: body composition, muscular endurance, cardio endurance, muscular strength, and flexibility.

HOW DO I GET INVOLVED?

Join a currently scheduled Team Training group (see schedule) by registering at the Member Services desk or form your own group and contact Pat Resnick at presnick@ymca.org or 619-464-9622 ext. 12230 to arrange a day and time with a trainer that fits your needs!
